NYSEARCH Among Honorees at National “R&D 100” Award

NYSEARCH and its fellow project development team members for the Remote Methane Leak Detector (RMLD) project were among the recipients of the prestigious “R & D 100 Award” by R & D Magazine in Chicago on October 20, 2005.

This award represents a selection among numerous applicants for a product that is deemed one of the 100 most technologically significant products to reach the commercial marketplace in 2005.

In addition to PSE&G who funded the project separately prior to joining the NYSEARCH organization, the NYSEARCH RMLD funders and team advisors included: Central Hudson Gas & Electric, Con Edison, Enbridge, KeySpan, National Fuel Gas, National Grid, New York State Electric & Gas, Orange & Rockland, Rochester Gas & Electric, Questar and PECO Energy.

Congratulations to all!

Pictured at the Oct. 20 awards ceremony in Chicago were (l to r): Rick Wainner (PSI), Angelo Fabiano (NYSEARCH Project Manager), Daphne D’Zurko (Vice President, NGA/NYSEARCH), George Ragula (PSE&G), Paul Weinhert (Heath), Mickey Frish (PSI), Steve Chancy (Heath), Jim Rutherford (Heath), and Dave Green (PSI).
